SG1A

The vessel known as the [REDACTED] will sail to to Charleston, South Carolina. South Carolina is a rest area for the vessel.

The vessel will then sail to Corpus Christi. At this time other smaller vessels will be surrounding the ship to act as decoys as it nears Corpus Christi.

The contraband will then go to Potter, Texas before flying to the ultimate destination which is Lake Tahoe, Nevada.

U.S. Immigration officials will take action to seize the contraband.

E. SESSION SUMMARY:

- The target vessel is carrying contraband in the form of illegal drugs stored in medium-sized crates associated with "wares," possibly dental equipment. Two personnel involved in "the steering" (direction?) of the vessel are aware of the location of the crates used to store the contraband. The suspect crates are located near the "inner walls" of the vessel. In about three to seven days, the vessel will unload its cargo to include the illegal drugs, in Corpus Christi, Texas. While in Corpus Christi, the cargo will be temporarily stored in a warehouse. The narcotics will then be transported by small closed trucks driven by Hispanic immigrants to Potter, Texas. Potter is located in the Texas Panhandle. The narcotics will then be flown from Potter to its ultimate destination identified as Lake Tahoe, Nevada. The words "Whitehall/Whitehead" surfaced phonetically as being related to the "machinery company" involved. Moreover, the name "Sealing/Sealling" surfaced as being associated with a person involved in the trafficking. The target vessel may be sailing to Corpus Christi from Florida.

- "Quatermaine" phonetically surfaced
